EDUCATION

BS Computer Science

Pir Mehr Ali Shah Arid Agriculture
University, Rawalpindi
2022 – 2026

SKILLS

Programming Languages

Python, SQL, HTML, CSS, JavaScript

Frameworks

Django

Databases

MySQL, SQLite, Neo4j

Core Concepts

Object-Oriented Programming (OOP)
Database Design
RESTful API Development
Knowledge Graphs
Data Structures & Algorithms

LANGUAGES

- English – Professional Proficiency
- Urdu – Native Proficiency

PROJECTS

Noor ul Ilm – AI-Powered Religious Knowledge Graph & Semantic Search System (Final Year Project)

Technologies: Python, Django, Neo4j, MySQL, HTML, CSS, JavaScript

- Developed a web application that allows users to search and explore religious content from Quran, Hadith, and Bible.
- Built a knowledge graph using Neo4j to represent concepts and their relationships for better understanding and visualization.
- Implemented semantic search to provide more relevant results based on meaning, not just keywords.
- Designed and developed the backend using Django and connected it with Neo4j for graph operations.
- Managed structured data in MySQL and handled dynamic queries efficiently.
- Created a clean and user-friendly interface for searching and exploring knowledge.

Library Management System

Personal Project

Technologies: Python, Django, MySQL, HTML, CSS, JavaScript

- Developed a web-based library management system.
- Features include book issue/return, member management, and fine tracking.
- Built using Django for the backend and MySQL for the database.
- Implemented forms, authentication, and role-based access.

CERTIFICATIONS

- Python for Everybody – Coursera
- Complete Python Developer – Udemy

ACHIEVEMENTS & INTERESTS

- Successfully completed Final Year Project with excellent results.
- Strong interest in building smart and efficient backend systems.

- Active Cricketer
- Passionate about learning new technologies
- Interested in AI, Databases, and Web Development
